2. Middle East (D-22): The approved version of this plan has been received, but since [] has not received a copy of it she has not started action. She expects that support plans will be drawn to supplement it. [] commented that she believes PSB plans would be more useful if they covered one country or topic instead of an extensive area.

3. Southeast Asia (D-23): [], at a recent PSB staff meeting, said that this plan is being reconsidered with a view to altering it into a staff study, breaking it into countries, or abandoning it. [] Mr. Wisner told [] that he wished to have [] team, or any other group [] felt advisable, prepare immediately a method of operation to exploit the situation. He asked me to inform [] of the PSB that he considered it to be a good idea to reconvene the D-24 panel and put it to work thinking up ideas for operations. I informed [] of Mr. Wisner's thoughts immediately preceding the PSB staff meeting on 4 March.

25X1A 7. A Strategic Concept for a National Psychological Program (D-31):
25X1A [] informs me that following publication of this document
on 26 November 1952, Mr. [] under date of 9 December, wrote
to DCI stating that, in view of the work to be done by the [] Com-

until after the [] Committee gives its report. The present Director
(then DDCI) indicated his approval of Mr. [] proposal, but it
25X1A is not certain who, if anyone, in the PSB or DD/P Staff was advised of
this decision. [] is in the process of drafting a letter
for DD/P's signature addressed to the Director asking that the record
be made clear and that the Director sign a letter to the PSB informing
it that CIA wishes to delay action until the [] Committee reports.
